Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Army Corps of Engineers' "Camden, New Jersey" project in fiscal year 2026. The entity to receive funding for this project is the U.S. Army Corps of Engineers. The funding would be used for two elements of the larger authorized project to make improvements to stormwater drainage and combined sewer outfalls. The project is an appropriate use of taxpayer funds because it will fund a project authorized in federal law and will improve water quality in the Delaware River Watershed.

The project has a federal nexus because the funding provided is for purposes for the project Camden, New Jersey, authorized by Section 219(f)(357) of the Water Resources Development Act of 1992, as amended.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink, appearing to read "Donald Norcross".
