Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Cherry Hill Township for the “Society Hill Pump Station Elimination” project in fiscal year 2027. The entity to receive funding for this project is Cherry Hill Township, located at 820 Mercer Street, Cherry Hill, NJ 08002. The funding would be used to eliminate a 50 year old wastewater pump station and 0.4 miles of force main, and replace it with a 0.15 mile gravity main that uses no energy and requires little maintenance. The project is an appropriate use of taxpayer funds because it will enable Cherry Hill Township can continue to ensure reliable service for residents and comply with all applicable Federal and State regulations. Additionally, the project will significantly reduce inflow and infiltration.

This project has a Federal nexus as it is for the same purposes authorized in Title VI of the Clean Water Act, 33 U.S.C. 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink, appearing to read "Donald Norcross".
