Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Barrington, Haddon Heights, Runnemede Shared Public Safety Building project in fiscal year 2027. The entity to receive funding for this project is the Borough of Barrington, located at 229 Trenton Avenue, Barrington, NJ 08007. The funding will support the acquisition and construction costs associated with developing a new shared services Public Safety Building that will house consolidated Fire and EMS operations under one roof for the Boroughs of Barrington, Haddon Heights, and Runnemede. The project is an appropriate use of taxpayer funds because, by centralizing fire and emergency medical services in a modern, purpose-built building, the project will enhance emergency response capabilities, improve interagency coordination, and deliver long-term operational efficiencies while providing a higher level of service to three communities.

This project has a Federal nexus as it is for the same purposes authorized in 42 U.S. Code 5305(a)(2) – the acquisition, construction, reconstruction, or installation (including design features and improvements with respect to such construction, reconstruction, or installation that promote energy efficiency) of public works, facilities (except for buildings for the general conduct of government), and site or other improvements.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink, appearing to read "Donald Norcross".
