IN THE HOUSE OF REPRESENTATIVES

Mr. NORCROSS introduced the following bill; which was referred to the Committee on \_\_\_\_\_

\_\_\_\_\_  
**A BILL**

To designate the McGuire Memorial and McGuire Gravesite located in Pennsauken, New Jersey, as a National Historic Landmark, and for other purposes.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

3       **SECTION 1. SHORT TITLE.**

4       This Act may be cited as the “The Peter J. McGuire  
5 Labor Day Landmark Act”.

6       **SEC. 2. FINDINGS.**

7       Congress finds the following:

1           (1) Peter J. McGuire joined the Cabinet Mak-  
2           ers Union of New York in 1872 and, recognizing the  
3           need for one international union of wood workers,  
4           called for and led a convention of carpenters and  
5           joiners in Chicago in 1881 that formed the Brother-  
6           hood of Carpenters and Joiners which became the  
7           United Brotherhood of Carpenters and Joiners of  
8           America in 1888.

9           (2) The Brotherhood of Carpenters and Joiners  
10          elected McGuire its first general secretary and re-  
11          tained him in that position for twenty years.

12          (3) McGuire was a leader in convincing skept-  
13          ical, locally-minded union activists around the  
14          United States that a national labor federation was  
15          not only necessary, but also possible.

16          (4) McGuire co-founded with Samuel Gompers  
17          the Federation of Organized Trades and Labor  
18          Unions and, in 1886, reorganized it into the Amer-  
19          ican Federation of Labor.

20          (5) McGuire served variously as the American  
21          Federation of Labor secretary and vice president be-  
22          tween 1886 and 1900.

23          (6) McGuire successfully led the fight for the  
24          eight-hour day in 1890.

1           (7) In 1882, McGuire proposed that “one day  
2           in the year be designated as Labor Day”, a proposal  
3           that was adopted first by a number of States and  
4           then as the first Monday in September by an Act of  
5           Congress in 1894.

6           (8) Upon McGuire’s death in 1906, the United  
7           Brotherhood of Carpenters and Joiners commis-  
8           sioned from M.C. Lyons and Sons, Camden, and had  
9           installed a massive granite multistage headstone on  
10          McGuire’s gravesite in the Arlington Cemetery at  
11          1629 Cove Road, Pennsauken, New Jersey, inscribed  
12          with “P.J. MCGUIRE, BORN JULY 6, 1852  
13          DIED FEB. 18, 1906” and “FOUNDER OF U.B.  
14          OF C. & J. OF A”.

15          (9) Beginning in 1906, each year labor leaders,  
16          political leaders, families, and working people gather  
17          at McGuire’s gravesite on Labor Day to lay wreaths  
18          and deliver speeches in tribute to McGuire and his  
19          great work.

20          (10) As the anniversary of McGuire’s centennial  
21          birthday approached, the organizations he had  
22          helped to found decided to install a new memorial a  
23          short distance from McGuire’s gravesite, consisting  
24          of a central statue of McGuire embraced by a semi-  
25          circular colonnade of marble columns.

1           (11) The McGuire Memorial, completed in  
2           1952, includes—

3                   (A) an outdoor sculpture of McGuire,  
4                   made of Cherokee Georgia marble, that shows  
5                   him standing with his left arm against his chest  
6                   and right arm, elbow bent, at his waist, and  
7                   dressed in a frock or mourning coat;

8                   (B) an inscription carved on front of the  
9                   base of such sculpture that reads “PETER J.  
10                  MCGUIRE/JULY 6, 1852/FEBRUARY 18,  
11                  1906”;

12                  (C) a free-standing curvilinear colonnade  
13                  of six Greek Doric columns, also made of Cher-  
14                  okee Georgia marble;

15                  (D) an inscription on entablature frieze of  
16                  the colonnade that reads “IN MEMORY OF  
17                  PETER J. MCGUIRE FOUNDER OF UBC  
18                  AND FATHER OF LABOR DAY”; and

19                  (E) an inscription on the base of the col-  
20                  onnade that reads “ERECTED BY UNITED  
21                  BROTHERHOOD OF CARPENTERS AND  
22                  JOINERS OF AMERICA 1952”.

23           (12) Several thousand people, many of them or-  
24           dinary union members, attended the McGuire Memo-

1       rial dedication ceremony on Aug. 9, 1952, which fea-  
2       tured as speakers—

3               (A) the president of the New Jersey Fed-  
4       eration of Labor;

5               (B) the mayors of Camden and Penn-  
6       sauken;

7               (C) General President Hutcheson of the  
8       United Brotherhood of Carpenters and Joiners;

9               (D) the president of the American Federa-  
10      tion of Labor, William Green;

11              (E) the secretary and treasurer of the  
12      American Federation of Labor, George Meany,  
13      who later attained national significance himself;  
14      and

15              (F) the United States Secretary of Labor,  
16      Maurice Tobin.

17              (13) In 1956, when a new postage stamp dedi-  
18      cated to American labor was issued on Labor Day,  
19      President Dwight Eisenhower held a special cere-  
20      mony at the White House in which he met with the  
21      family and descendants of McGuire.

22              (14) In 2004, McGuire was admitted to the  
23      Labor Hall of Fame of the United States Depart-  
24      ment of Labor, which has since been renamed the  
25      Hall of Honor.

1           (15) The New Jersey Historic Preservation Of-  
2           fice has documented McGuire as a figure of tran-  
3           scendent national significance and importance in the  
4           labor history of the United States.

5           (16) The landscape characteristics, physical fea-  
6           tures, overall layout, and visual appearance of the  
7           McGuire Memorial and McGuire Gravesite reflect a  
8           high degree of overall integrity in terms of location,  
9           design, setting, materials, and workmanship.

10          (17) The sculptural representations of labor  
11          and union themes associated with McGuire's career  
12          as an effective labor leader and organizer that em-  
13          bellish the McGuire Memorial and McGuire  
14          Gravesite are intact and well-preserved.

15          (18) National political and labor leaders have  
16          made annual pilgrimages to McGuire's gravesite  
17          since 1906 and to the McGuire Memorial and  
18          McGuire Gravesite every September on Labor Day  
19          or the Friday before Labor Day since 1952.

20          (19) Unlike other known properties related to  
21          McGuire, the McGuire Memorial and McGuire  
22          Gravesite are the only properties that retain both  
23          the necessary direct association with McGuire as a  
24          person of national stature and the high level of in-  
25          tegrity required for listing on the New Jersey Reg-

1       ister of Historic Places and National Register of  
2       Historic Places.

3           (20) The McGuire Memorial and McGuire  
4       Gravesite satisfy the criteria for graves of historical  
5       figures and properties that have achieved signifi-  
6       cance within the past 50 years under the following  
7       criteria consideration categories of the National Reg-  
8       ister of Historic Places—

9           (A) category (c), “a grave of a historical  
10       figure of outstanding importance as there is no  
11       appropriate site or building associated with  
12       McGuire’s productive life”; and

13          (B) category (f), “a property primarily com-  
14       memorative in intent if design, age, tradition,  
15       or symbolic value has invested it with its own  
16       exceptional significance”.

17          (21) In August 2017, the New Jersey State  
18       Historic Preservation Office certified that the  
19       McGuire Memorial and McGuire Gravesite are eligi-  
20       ble for listing on the New Jersey Register of His-  
21       toric Places and National Register of Historic  
22       Places.
